## Occupational Health Solutions

## AT A GLANCE

OccuMed is the 1<sup>st</sup> approved occupational health service provider in Abu Dhabi and Fujairah that has delivered its vast plethora of 600+ clients with exceptional service for the past 7 years and continues to do so conscientiously.

## MISSION

To assist clients in achieving maximum staff productivity while minimizing costs by ensuring the health and well-being of their employees. To ensure the elimination and prevention of workplace health hazards, as well as to assist in making any workplace a safe environment and facilitating a quick and safe return to work.

## VISION

To continuously exceed the global standards of excellence in occupational medicine and healthcare and to be an unmatched leader in providing world class medical professionals as well as occupational medicine solutions.

**MAJOR TOM LOUIS**  
CHIEF EXECUTIVE OFFICER

## MESSAGE

Response Plus Medical has been dedicated to providing quality healthcare at affordable prices to all its corporate and public at large with a wide range of offerings including Emergency Medical Services, O&M of healthcare facilities, medical manpower supply, Medical Tourism & Concierge services etc. Through our Training academy & educational partnerships, we hope to take medical and community health education to new heights.

Response Plus Medical has been blessed with the ongoing generous support of all our trusted community friends and partners for many years. Your support has made a tremendous difference, not just to our organization, but to the thousands of people we serve. As the needs of the community evolve, RPM will continue to innovate and look for opportunities to expand and improve our services

to best serve those who are in need.

During the past few months, we have been actively participating with various governments in combating the pandemic at all our locations.

We have come a long way and hope to continue moving forward, together. Thank you for your support and understanding as we navigate these unprecedented times. As always, your ideas, feedback, and suggestions are greatly appreciated.

Take care and stay safe.

## ABOUT RESPONSE PLUS HOLDING PJSC

Response Plus Holding is the largest provider of onsite healthcare management, occupational health solutions and medical emergency services in UAE. We deliver quality healthcare services to more than a million people in over 65 countries.

Response Plus Medical Services & Response Plus Man Power Supply (RPM), was established in 2010. Our key objectives include providing medical support for oil and gas sector - both onshore & offshore, chemical industries, major construction sites, site clinic and ambulance services for educational institutions, labor camps and shopping malls. We operate as one of the leading medical manpower (staffing) organizations, specialized in various medical staffing services. Located in Abu Dhabi, Dubai and Northern Emirates, RPM has developed into a strong integrated healthcare provider, delivering comprehensive, affordable and top-of-the-line healthcare solutions. Also on offer, aside from the site medical support, round-the-clock medical assistance and evacuation support, the occupational & industrial health management and medical support for local and international events. The organization provides its prestigious clients in the Middle East with project management services. Its efforts have always been best spent on offering the advanced treatment facilities, making use of our state-of-the-art facilities and diagnostics, conforming to the international best practices and standards. A well-experienced and trained team of specialists and medical personnel gives us the tag of one of the best healthcare providers in the region and beyond.

## WHY CHOOSE OCCUMED CLINICS?

OccuMed is a pioneer in occupational health services that is entirely focused on offering the best level of service and is the industry's leading provider. It offers convenient on-site / workplace & off-site services to a wide range of businesses, from small businesses to big single and multi-site operations, for both private and public entities. The goal is to provide customized and premium services at the most competitive prices possible. With the help of the most competent Occupational Health Specialists, OccuMed clinics offer a wide range of services beyond occupational medicine, including general practice and all necessary investigations, all under one roof. OccuMed clinics also recognize the importance of preventative medicine and health in today's world, making this one of the company's most popular products.

## ABOUT OCCUMED

OccuMed is the 1<sup>st</sup> licensed provider of comprehensive Occupational Health checkups in Abu Dhabi and Fujairah, offering a wide range of services such as Health Surveillance, Occupational Health Assessments, and Pre-Employment Medicals. OccuMed clinics can handle all occupational medicine-related needs, including but not limited to audiometric tests, spirometer testing, ECG, treadmill test, ultrasound, ophthalmology, x-ray, and a full-fledged laboratory offered In-house. A well-trained and experienced clinical team comprising of occupational specialty doctors, nurses, and technicians provides exceptional services. Its services go beyond testing to include health risk assessments and hazard detection before they become a problem.

## CLIENTELE

OccuMed has a large clientele of 600+ distinguished and satisfied clients who have entrusted it with their healthcare needs since it has ensured optimum staff efficiency while lowering expenses with quick service delivery and report production. It is known for going above and beyond to provide tailored and timely services to its clients, earning their trust and confidence.

## SERVICES

### **ADNOC ONSHORE & OFFSHORE MEDICAL CHECKUPS**

OccuMed clinics are registered with Abu Dhabi National Oil Companies (ADNOC) for conducting the ADNOC Medicals and is the preferred One-stop destination exclusively conceptualized for Occupational Health Screening and ADNOC Medical Checks. It aids ADNOC subcontractors for the completion of their projects by helping to eliminate and prevent any work related illnesses, helping the companies to make the workplace a safe environment for their employees which speeds up the completion of their projects.

### **PRE-EMPLOYMENT HEALTH SCREENING**

OccuMed provides pre-employment medical examinations to provide managers with the information they need to guarantee that prospective employees are able to meet their full working potential. It is capable of delivering a very timely and effective arms-length confidential pre-employment health screening service that will alert Management to and advise on any health issues that may be impacted by work (or that may affect their ability to work) as well as recommend any reasonable adjustments that may be required. Management can then proceed with hiring with confidence, knowing that their new employees' well-being is secure. New employees can also rest certain that their personal information will be kept secure and that the pre-employment health screening process will be kept confidential.
